### 30. NATO | Commitment

An attack on one NATO member is considered to be an attack on any other, so the U.S. — as a NATO member — is obligated to come to the defense of any NATO member that has been attacked. Do you think the U.S. should or should not maintain this commitment to defend its NATO allies when they are attacked?

<td>The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to March 15, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 28% Republican). The weights range from 0.11 to 6.138, with a mean of one and a standard deviation of 0.664.</td>
