And thinking about how elections are run in Britain, how much trust, if any, do you have in the British electoral system...  
...to deliver a result that reflects the views of the British public?

Some people support a change in the British voting system to proportional representation, where the number of MPs a party wins more closely reflects the share of the vote they receive. Other people support retaining our present voting system, First Past the Post, which is more likely to give one party an overall majority in the House of Commons and avoid a hung Parliament. Which voting system would you prefer?
