

## **Sexism**

**Fieldwork Dates: 18th - 19th March 2021**

**Conducted by YouGov  
On behalf of Editorial**

© YouGov plc 2021

## **BACKGROUND**

This spreadsheet contains survey data collected and analysed by YouGov plc. No information contained within this spreadsheet may be published without the consent of YouGov Plc and the client named on the front cover.

Methodology: This survey has been conducted using an online interview administered to members of the YouGov Plc panel of individuals who have agreed to take part in surveys. Emails are sent to panelists selected at random from the base sample. The e-mail invites them to take part in a survey and provides a generic survey link. Once a panel member clicks on the link they are sent to the survey that they are most required for, according to the sample definition and quotas. (The sample definition could be "US adult population" or a subset such as "US adult females"). Invitations to surveys don't expire and respondents can be sent to any available survey. The responding sample is weighted to the profile of the sample definition to provide a representative reporting sample. The profile is normally derived from census data or, if not available from the census, from industry accepted data.

YouGov plc make every effort to provide representative information. All results are based on a sample and are therefore subject to statistical errors normally associated with sample-based information.

For further information about the results in this spreadsheet, please email [realtime.us@yougov.com](mailto:realtime.us@yougov.com) quoting the survey details

## **EDITOR'S NOTES - all press releases should contain the following information**

All figures, unless otherwise stated, are from YouGov Plc. Total sample size was 1282 adults. Fieldwork was undertaken between 18th - 19th March 2021. The survey was carried out online. The figures have been weighted and are representative of all US adults (aged 18+).

NOTE: All press releases or other publications must be checked by YouGov Plc before use. YouGov requires 48hours to check a press release unless otherwise agreed.

- YouGov is registered with the Information Commissioner
- YouGov is a member of the British Polling Council

Any percentages calculated on bases fewer than 50 respondents must not be reported as they do not represent a wide enough cross-section of the target population to be considered statistically reliable. These figures will be italicised.

## Sexism

US\_nat\_int Sample: 18th - 19th March 2021

Total	
	Other

For each of the following examples, please say whether you think it is or is not sexist.

### q1\_1. Making assumptions on someone's level of intelligence

based on their gender

Unweighted base	1282	6
<b>Base</b>	1282	6
This would always be sexist	58%	29%
This would usually be sexist, with some exceptions	13%	16%
This would usually not be sexist, with some exceptions	9%	-
This would never be sexist	5%	-
Don't know	11%	17%
Prefer not to say	3%	38%

### q1\_2. Asking a young woman when she will have children

Unweighted base	1282	6
<b>Base</b>	1282	6
This would always be sexist	28%	-
This would usually be sexist, with some exceptions	18%	16%
This would usually not be sexist, with some exceptions	20%	29%
This would never be sexist	18%	18%
Don't know	14%	17%
Prefer not to say	3%	21%

### q1\_4. Telling a joke featuring female stereotypes

Unweighted base	1282	6
<b>Base</b>	1282	6
This would always be sexist	31%	-
This would usually be sexist, with some exceptions	24%	16%
This would usually not be sexist, with some exceptions	20%	32%
This would never be sexist	9%	-
Don't know	12%	-
Prefer not to say	3%	52%

### q1\_5. Telling a joke featuring male stereotypes

Unweighted base	1282	6
<b>Base</b>	1282	6
This would always be sexist	26%	-
This would usually be sexist, with some exceptions	25%	16%
This would usually not be sexist, with some exceptions	19%	32%
This would never be sexist	12%	-
Don't know	14%	-
Prefer not to say	4%	52%

### q1\_7. Making assumptions about someone's experience based on their gender

Unweighted base	1282	6
<b>Base</b>	1282	6
This would always be sexist	43%	45%
This would usually be sexist, with some exceptions	22%	-
This would usually not be sexist, with some exceptions	12%	17%
