33. Appropriate for DeSantis to Abolish Disney Special Tax District

In response to Disney's criticism, DeSantis tried to abolish the special tax district that has enabled Disney World to essentially function as its own county government since 1967, then took control of the board overseeing the district. Do you think DeSantis's actions here were appropriate or inappropriate?

38. Raise Debt Limit - Experiment Wording

To avoid defaulting on America's past debts — and to continue paying Social Security benefits and military salaries without sparking a possible recession — Congress must soon raise the debt limit just as bipartisan majorities have routinely done for the last century. Do you favor or oppose raising the U.S. debt limit?

Asked of the other half of respondents randomly selected

44. Carroll Allegations True or False

E. Jean Carroll has testified that in the mid-1990s, Trump pushed her against a wall, pulled down her tights and raped her in the dressing room of a luxury department store, an allegation Trump denies. Do you think Carroll's allegation is true or false?

47. Feeling About Trump

In addition to the rape case, Trump was recently indicted for paying hush money to a porn star. Several other criminal investigations — into Trump's attempts to overturn the 2020 election and his refusal to return highly classified documents — are ongoing. Do these cases make you feel any differently about Donald Trump or is your opinion of him the same as it's always been?

Yahoo! News Poll

Sample 1,584 U.S. Adults
Conducted May 5 – 8, 2023
Margin of Error $\pm 2.7\%$

Polling Methodology and Margin of Error Calculation

The Yahoo! News survey was conducted by YouGov using a nationally representative sample of 1,584 U.S. adults interviewed online between May 5 – 8, 2023.

The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to November 1, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 27% Republican). Respondents were selected from YouGov's opt-in panel to be representative of all U.S. adults. The weights range from 0.2 to 5.7, with a mean of 1 and a standard deviation of 0.5.

The *margin of error* (a 95% confidence interval) for a sample percentage p based upon the entire sample is approximately 2.7%. It is calculated using the formula

$$\hat{p} \pm 100 \times \sqrt{\frac{1 + CV^2}{n}}$$

where CV is the coefficient of variation of the sample weights and n is the sample size used to compute the proportion. This is a measure of sampling error (the average of all estimates obtained using the same sample selection and weighting procedures repeatedly). The sample estimate should differ from its expected value by less than margin of error in 95 percent of all samples. It does not reflect non-sampling errors, including potential selection bias in panel participation or in response to a particular survey.
