YouGov Survey: 2022 Ballot Measures

YouGov

Sample	1000 U.S. Adult Citizens
Conducted	October 25 - 27, 2022
Margin of Error	±3.5%

1. Would you support or oppose a ballot measure that does the following in your state? If the following is already in place in your state, please answer how you would vote if it were not.

	Support	Oppose	Not sure
Legalizes recreational marijuana for adults 21 and older	59%	25%	16%
Decriminalizes the personal use of psychedelic mushrooms for adults 21 and older	36%	34%	30%
Creates a state constitutional right to collective bargaining	37%	17%	45%
Makes it illegal for workplaces to require mandatory labor union membership	46%	21%	33%
Bans gun magazines that hold more than 10 rounds of ammunition and requires criminal background checks for gun purchases	55%	31%	14%
Creates a state constitutional right to bear arms and includes protections for this right that go beyond the U.S. Constitution's Second Amendment	43%	33%	24%
Requires valid photo identification to vote	65%	16%	19%
Allows retail stores that are licensed to sell alcohol to deliver alcohol using their own service or a third-party service	51%	23%	25%
Removes language in the state constitution that allows slavery and involuntary servitude as punishment for a crime	56%	19%	25%
Legalizes sports betting in person and online	37%	32%	31%
Increases the state's minimum wage gradually to $15 by 2026	60%	22%	18%
Increases the minimum wage for tipped employees to equal the minimum wage for non-tipped employees	57%	20%	23%
Prohibits the legislature from changing election laws near the date of a general election	71%	8%	21%
Requires judges on the state's supreme court and district courts to retire upon reaching the age of 75	62%	15%	23%
Adds the right to reproductive freedom, including the right to an abortion, to the state constitution	54%	30%	16%
Removes the right to an abortion from the state constitution	30%	49%	21%

YouGov Survey: 2022 Ballot Measures

YouGov

Interviewing Dates	October 25 - 27, 2022
Target population	U.S. Citizens, aged 18 and over.
Sampling method	Respondents were selected from YouGov's opt-in Internet panel using sample matching. A random sample (stratified by gender, age, race, education, geographic region, and voter registration) was selected from the 2019 American Community Survey.
Weighting	The sample was weighted according to gender, age, race, education, 2020 election turnout and Presidential vote, baseline party identification, and current voter registration status. Demographic weighting targets come from the 2019 American Community Survey. Baseline party identification is the respondent's most recent answer given prior to March 15, 2022, and is weighted to the estimated distribution at that time (33% Democratic, 28% Republican). The weights range from 0.315 to 5.946, with a mean of one and a standard deviation of 0.489.
Number of respondents	1000
Margin of error	$\pm$ 3.5% (adjusted for weighting)
Survey mode	Web-based interviews
Questions not reported	69 questions not reported.
