## YouGov Weighting Data

YouGov weights London political surveys by (1) age interlocked with gender and education, (2) political attention (3) social grade (4) EU referendum recalled vote (5) ethnicity and (6) 2019 recalled vote. Weighting targets are YouGov estimates, data sources used in the calculation of targets are cited below. General election voting intention figures are additionally weighted by likelihood to vote. The poll was carried out online.

All polls are subject to a wide range of potential sources of error. On the basis of the historical record of the polls at recent general elections, there is a 9 in 10 chance that the true value of a party's support lies within 4 points of the estimates provided by this poll, and a 2 in 3 chance that they lie within 2 points.
